

# Get a personal coach to help implement a quality improvement project in your nursing home

Quality improvement sounds great, but how can you make it work in your nursing home? Where do you start with changes and how can you tell if it worked?

The Wisconsin Center for Performance Excellence is teaming up with MetaStar offering a **FREE** program to help you identify areas for improvement and create a plan to make changes toward your quality improvement goal. Experienced quality improvement coaches will work with you, side-by-side, to ensure you have a clear path to reach your goal. They will show you different quality tools and help you understand how to use these tools to improve patient care in your nursing home.

**Free Laptop!**  
Each nursing home completing the program will receive a free laptop with quality resources already loaded and ready to go!

Be part of the first co-hort!

Join us for the first training session **January 31, 8:30 am - 2:30 pm** in the lower level training room at MetaStar (2909 Landmark Place in Madison). Lunch is included. Meet your coach, learn the program specifics, and pick up your laptop.

RSVP to [info@wisquality.org](mailto:info@wisquality.org) or (608) 663.5300.
