EO-1105 Executive Directors – Providence Life Services, Park Place of Elmhurst and Park Place of St. John – Elmhurst, Illinois and St. John, Indiana

Deffet Group, Inc. is pleased to have been retained by *Providence Life Services* to conduct an executive search for *Executive Directors* for both its Park Place of Elmhurst and Park Place of St. John communities.

Providence Life Services, headquartered in Tinley Park, Illinois, is a mission-driven, faith-based, not-for-profit senior living provider offering senior living options in three states (Illinois, Indiana and Michigan), whose goal is to provide the right amenities, activities, and care services needed to help seniors live their best lives as they age. The two locations are:

Park Place of Elmhurst, Elmhurst, Illinois, was the first Christian nursing home in the Chicago area, which added services and communities over the past 60 years.

Park Place of St. John, St. John, Indiana, was formed at the entrance of The Gates of St. John subdivision in St. John and is the newest development of the Providence family. Both communities offer vibrant independent living, assisted living, and skilled nursing care options, along with long-term care and memory care at each organization’s Health & Wellness Center.

Reporting to the Vice President of Operations of Providence Life Services, the Executive Directors are responsible for overall operations and programs of the community and play an integral role in ongoing strategic planning initiatives to execute the organization’s mission of enhancing the lives of those served in the name of Jesus Christ. The new executives will ensure residents receive high-quality services and programs, while maintaining effective financial performance in compliance with federal, state, and local laws and regulations. As highly visible leaders with strong relationship building skills, the Executive Directors will influence key internal and external stakeholders to implement the systems and processes necessary to enable organizational growth and strengthen leadership capability.

The successful candidates for these positions will have a preferred minimum of five years of experience in an executive capacity in a hospital or Senior Living organization with a proven track record of success. They must possess a current, unencumbered Nursing Home Administrator's license in the state of operation or meet the licensure requirements of the state and be ready to obtain full licensure within three months of hire. The candidates will have a bachelor's degree with a degree in Public Health Administration, Business Administration or a degree in health-related field preferred.

This is an outstanding leadership opportunity to envision and implement the future direction of the healthcare services for both *Park Place of Elmhurst* and *Park Place of St. John* and to continue to build upon the organization's reputation for providing an exceptional lifestyle in a healthy, safe and hospitable environment.

Candidate nominations or expressions of personal interest may be directed in confidence to Dan Deffet, Managing Partner, Deffet Group, Inc., via email: info@deffetgroup.com.
